

The BOF 70th anniversary, 1937-2007

We've hidden 16 treasures!

To enjoy the full benefits of our anniversary treasure hunt, participants must register on the Geocaching website www.geocaching.com. Here, you can create your own profile with your alias or "nick", a pseudonym used on the web to conceal your identity. On the website, you can download the positions of the caches, which you can also view on Google Earth at no charge. After that, you're ready to start!

On our website, www.bof.no/bof70, we'll show participants in the competition how to discover the largest possible number of treasures. And everyone can follow the progress of the other competitors. Each of the first 70 participants to find 10 treasures will win a camping grill, while each of the first three to find all 16 will win a great GPS unit!

On the rear of the logbook in each cache, enter the "pricecode". Then, enter your visit in the logbook. When you return from your trip, log your find on www.geocaching.com.
